# SINGER® Needle Fabric Types

## UNIVERSAL

### **Woven, Natural, Synthetic Fabrics**

Easily slips through weave of knits and woven fabric with rounded tip and tapered end

## TITANIUM UNIVERSAL

### **Woven, Natural, Synthetic Fabrics**

Easily slips through weave of knits and woven fabric with rounded tip and tapered end

## EMBROIDERY

### **Rayon, Polyester and other specialty fabrics**

Guard against excess friction allowing trouble-free embroidery and decorative stitching

## TITANIUM EMBROIDERY

### **Rayon, Polyester and other specialty fabrics**

Guard against excess friction allowing trouble-free embroidery and decorative stitching

## DENIM

### **Extra Thick Fabric**

Reduces breakage and skip stitches with a sharp point and reinforced blade

## BALL POINT

### **Knit Fabrics**

Designed to slide between the yarns of knit fabrics without snagging with a rounded tip

## LEATHER

### **Heavy Leather, Vinyl**

Cuts through leather and other heavy non-woven imitation leathers and suedes without creating large holes due to the needles wedge shape slightly sharp cutting point

## OVERLOCK

### **Woven and Stretch Heavy Weight**

Designed specifically for overlock stitching

## MICROTEX

### **Tightly Woven Mid Weight Fabrics**

Perfect for microfibers, polyester and other synthetic fabrics

## QUILTING

### Quilting Heavy Woven Fabrics

Perfect for quilting and topstitching due to the needles very slim acute point

## TITANIUM QUILTING

### Quilting Heavy Woven Fabrics

Perfect for quilting and topstitching due to the needles very slim acute point

## STRETCH

### Stretch Fabrics

Perfect for sewing through stretch fabrics , the point is rounded but less rounded than ball point to pierce through thicker threads

## TOPSTITCH

### Topstitch Heavy Weight Fabrics

Achieve perfectly straight stitch lines for heavy or multiple threads with this very long eye of the needle

## WING

For beautiful hem stitches, wing needle punches a hole into your fabric while the sewing machine stitches around the piercing

## UNIVERSAL TWIN

### Medium Woven Fabrics

Create two rows of stitches simultaneously and uses two spools of thread and one bobbin thread

## STRETCH TWIN

### Stretch Fabrics

Perfect for sewing through stretch fabrics, the point is rounded but less rounded than ball point to pierce through thicker threads

## DENIM TWIN

### Extra Thick Fabric

Reduces breakage and skip stitches with a sharp point and reinforced blade

# Informative Packaging

SINGER® needle packaging informs you with type of needle and the recommended needle size based on type of fabric. SINGER® loves to educate our users with “How To” videos linked from our QR codes.
